

## **E-Ticket instructions:**

**E-tickets are our new way of delivering tickets to you which mean you don't have to rely on the post and you have your tickets delivered to your phone and your email, which is really convenient.**

**You can either print your email or bring your phone with you with your e-ticket text. The text and email normally have a square barcode and a PIN number although some phones don't display the barcode. In these cases we use the PIN to find your order on the hand held scanner.**

**The ticket purchaser does not need to be present when the e-ticket is produced. The most important thing is the square barcode which, once scanned, confirms the ticket/s purchase.**

**Our tickets directly replace paper tickets so you do not need to collect any tickets on arrival to the event - just join the queue as you would normally.**

**If you have any problems with your e-ticket or you accidentally delete your text or email please call us on 0871 2887 250 or email us at [gallery@slamminvinyl.com](mailto:gallery@slamminvinyl.com)**
